Drake Loeb PLLC attorneys regularly provide experienced counsel to planning boards as they review subdivision applications, site plans, and special permits seeking approval. Our attorneys draw from their vast knowledge to work closely with individuals, developers, municipal engineers, and consultants to ensure that all planning board approvals or decisions are in compliance with applicable state, federal, and local laws, regulations, and ordinances. Of particular interest to clients is our wide experience with the application of the State Environmental Quality Review Act (SEQRA) to the planning process. Our attorneys understand that unless SEQRA is properly addressed, any planning board decision is subject to challenge. Our goal is to eliminate that concern.
