
Town & Village Board Representation

Attorneys

James R. Loeb
Stephen J. Gaba
Dominic Cordisco
Adam L. Rodd

The members of Town and Village Boards are tasked with a wide scope of responsibilities from enacting legislation designed to solve problems, to moving the municipality in a particular direction, to maintaining the integrity and efficiency in the budgetary and borrowing processes. When a Board asks: "Can we do this?", "Is it within our power?", "**How** do we do it?", they turn to our attorneys for answers.

Our decades-long experience with various boards has resulted in a large database of approved resolutions and local laws that gives our attorneys the ability to effectively counsel town and village boards with the confidence that they have either seen a path that is successful or forged that path themselves through drafting of the resolution or local law. They will work with the elected officials to understand what the objective is and then will offer them options to explore that will balance competing interests and result in a decision that meets their objectives and which is both cost effective and in compliance with applicable laws and regulations.

We invite you to contact us today to find out how you can leverage our know-how on behalf of your municipality.
